

## Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

## To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other."

## Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELLA A. GORR, 61 Terrace Street, Boston.

### NEW LEXINGTON.

September 3d, 1888.

Ed Moore was in Greenfield last Wednesday.

Misses Minnie Brackney and Elsie Haynes, of Wilmington, who have been the guests of Miss Jessie Horsman the past two weeks, returned home last Saturday.

If those wishing to subscribe for the NEWS-HERALD will leave their subscriptions at Trisler's drug store they will be promptly attended to.

Mrs. Lydia Church and children, of Kansas, and Mrs. Allie Cline, of Sabina, were the guests of Mrs. Wm. Ross last week.

O. B. Savage started to-day for a trip through the West to be gone some time. Born—To R. O. Adams and wife, Monday, September 3d, a boy.

Miss Lizzie Moore, who has been sick for some time, is very low at the present writing.

Master Sammy Trisler, who has been staying with his grandparents in Clermont county the past summer, returned home last week.

Socials were in order last week. A very pleasant one was given by James Adams and wife at their home north of town and one equally as pleasant at the home of Miss Abbie Branson southeast of town.

The Misses Boatright have moved into part of the house belonging to Frank Johnson.

Prof. Barrett has been appointed member of the Board of County Examiners. Born—To Milton Hodson and wife, Wednesday, August 29th, a girl.

A few good scythes are badly needed on the new street. The weeds are almost as high as the fence.

Prof. Barrett was in Hillsboro last Saturday.

Sometime back we noticed in the Rainsboro correspondence to the NEWS-HERALD an account of the number of old maids, old bachelors and so on. Not wishing Rainsboro to be ahead we will show up for Lexington. There are at present in Lexington 14 old maids, 6 old bachelors, 12 widows and 7 widowers. A good opening here for a few more bachelors.

James Roads and wife were the guests of Wm. Roads and wife last Saturday and Sunday. They have sold out where they lived near Hillsboro and will move to Alabama sometime soon.

On Wednesday night of last week some thieves entered the barn of James Adams and stole a new pair of buggy

harness. They also got into his muskmelon patch and took nearly all the melons. There has been considerable petty thieving going on this summer, and it is pretty safe to say that miscreants do not live more than a thousand miles away from here.

During the past week workmen have been employed in repairing the school house, something that has been badly needed. The janitor, James Earl, has also given the building a thorough cleaning, and now it is in proper shape for the reception of teachers and scholars. Our School Board, consisting of Messrs. Chas. Hixson, Wm. Ross and Dr. Jenkins, is very energetic and fully alive to the wants of the school. To the satisfaction of all whom we have heard speak, they have retained the services of Prof. Barrett for another year, and engaged for the Intermediate department Miss Jennie Boatright, and for the Primary, Miss Mary Boatright. The Misses Boatright come here highly recommended as successful teachers and standing high in their profession. We congratulate the Board on their wise management, and predict a successful school for the coming year. School commences to-day (Monday).

The Lexington "Reds" went over to Sabina last Saturday and played the Sabina club, and came out victorious. It was the nicest game of the season. A large number of ladies and gentlemen were out to witness the game and we must say that we have never seen such a nice and orderly crowd of spectators. There were no hooting or yelling whenever a good play was made by either side. They were very generous in their applause. Sabina has seen ball played before and knows how to appreciate a good game when they see it. The Reds were also very well pleased with the gentlemanly players of the Sabina club. The return game will probably be played this week on the Lexington grounds. The following is the score by innings:

Innings	1	2	3	4	5	6	7	8	9
Reds	4	8	2	0	1	3	0	1	4—23
Sabina	1	0	0	1	2	0	5	1	0—10

Lexington has two dry goods stores, two drug stores, one grocery, one restaurant, and, we are sorry to say, one saloon. It also has two livery stables, two blacksmith shops, two shoe shops, one wagon shop, one undertaking establishment, one harness shop, two good churches, one first-class school building, an Odd Fellows society, one Justice of the Peace, two physicians, a veterinary surgeon, has a population of about two hundred and twenty-five, and we can truthfully say it is one of the nicest little towns in the State.

According to actual count there is about twenty old citizens in this town and township who voted for William Henry Harrison in 1840 and will vote for Harrison and Morton this fall.

Will someone please rise up and inform us why the Democrats become so enthused over a prohibition speech?
